

MANY SPECTATORS WERE IN TEARS

A Dramatic Scene in the Court-Room at the Richards Trial.

HUNG JURY IS EXPECTED

General Opinion That Prisoner is Guilty, But Case Not Made Out.

(Special to The Times-Dispatch.)

FLOYD, VA., October 28.—A hung jury is expected in the Richards murder case. The general impression prevails that there is no doubt as to the guilt of the prisoner, but that it is doubtful if the Commonwealth has proved its case to the satisfaction of the jury. There is a strong impression among the court spectators that a verdict will not be reached at all.

The court-house was crowded to-day, as usual. It being Saturday, hundreds of people flocked to town from every direction to hear the closing arguments. Samuel H. Hoge, of Roanoke, the home of Francis, the murderer, was the prosecutor. During the opening of his speech he digressed from the evidence and spoke of the saddened faces and the gathering of people in knots in a quiet afternoon on the Sabbath in his own city when it became known that Maurice Francis had been shot down in Floyd county by an unknown assassin. Mr. Hoge had half the spectators in the court-room in tears, but the prisoner sat unmoved, but never removed his eyes from the attorney who was endeavoring to plead his life away.

N. M. Sowder, the Republican nominee for Secretary of the Commonwealth, was the next attorney for the defense. Mr. Sowder made a powerful appeal in behalf of the prisoner at the bar. Attorney Sowder is a young man of great ability, an orator by nature and a man of much influence. H. B. Custer, for the defense, spoke for five hours. He reviewed the testimony from one end to the other. Custer was a pupil of the father of the young prisoner, and very touchingly referred to his early life and the influence exercised by his old teacher upon him.

During his recital the father broke down and wept for the first time during the ten weeks of the trial. The mother and the prisoner sat unmoved, but were strictly attentive to every word spoken by their attorney. The length of the trial, the examination of two hundred witnesses, the great excitement and general feeling against the prisoner, has resulted in a hung jury. The jury, and the attorneys. They have been under a great strain.

TO LAY CORNER STONE AT RANDOLPH-MACON

(Special to The Times-Dispatch.)

ASHLAND, VA., Oct. 28.—The ceremony of laying the corner stone for the Branch Memorial Dormitory of Randolph-Macon Academy, at Ashland, Va., took place at 2:30 o'clock, Friday afternoon, November 2, at 2:30 o'clock. The occasion was marked by a large gathering of friends and relatives of the deceased, who will bring together many of the most prominent citizens of Virginia. The address will be delivered by Governor Harrison, who will arrive on the day train from Richmond, accompanied by a large number of prominent people. The ceremony of laying the corner stone will be according to the ancient Masonic custom, under the auspices of Ashland Lodge, No. 18, A. F. and A. M., Most Worshipful Grand Master, W. J. Quinn, and grand commander, Mr. Henry Boy, and grand commander, Mr. Henry Boy, Past Masters W. J. Leake, W. F. Wickham, David G. Whitfield and A. P. Gault, of Ashland Lodge, will also be present.

The Board of Trustees of Randolph-Macon College will also be present, and many prominent friends of the college. The ceremony will be interspersed with vocal and instrumental music, rendered by the college Glee Club and the Ashland band. An ode to Freemasonry will be delivered by one of the visiting Masons. The Masons will assemble at the Masonic Hall of Ashland Lodge with paraphernalia and proceed with perfect discipline to the erection of a dormitory building, where a large platform will be occupied by several hundred people.

Last spring Mr. John P. Branch, announced to an intimate friend of the college his desire to make a special gift to the college in the form of \$20,000 to be applied to the erection of a dormitory building. This is the largest donation ever made by Randolph-Macon College.

The effect of this gift has been far-reaching in educational circles, owing to the limited number of students in the South who have taken a liberal and benevolent interest in the cause of education. Mr. Branch has long stood in the front ranks of those who have shown a willingness and enterprise has been devoted to bear in a most pronounced way.

The building is in memory of his wife, Mary Louise Merritt Branch, and will be a decided ornament to the beautiful campus.

WYMAN WON'T DISCUSS PRESENT SITUATION

(By Associated Press.)

CHATTANOOGA, TENN., October 28.—In a letter to Governor Cox, chairman of the General Committee of the Southern Immigration and Quarantine Conference, to be held here November 9th and 10th, Surgeon-General Walter Wyman follows: "In regard to my subject, yellow fever, its origin and prevention, I understand that in giving this topic to me, 'origin' and 'prevention' are general terms, and do not relate to the recent epidemic in New Orleans. It would be premature and not desirable for me to enter upon such a discussion, and I have no doubt that is your idea also. I understand that deliberations of the convention are to be of a nature looking to protection in the future, but that it is not the intention to provide for addresses that may involve dispute."

There was nothing new in the fever situation locally. The reduction in the number of cases under treatment continues at a gratifying rate. There is widespread satisfaction at the announcement that Dr. White will be permanently detailed to duty in this city.

At 11 o'clock to-morrow Rev. Dr. Beverly Warner, who was general superintendent of the campaign of education and the ward inspections, will conduct a special thanksgiving service at Trinity Church, which will be attended by all of the marine hospital officers in full dress uniform. Chairman Janvier, of the Finance Committee, tonight announced that there was a cash balance on hand of \$44,710. The expenses, under Dr. White's approval, up to today have been \$215,774, for pay rolls, supplies and the two emergency hospitals. There will be expenditures of about \$10,000 more before the accounts are finally closed.

The latest birth list in the history of the city was recorded to-day at the Board of Health, when thirty-six certificates were issued. Of these nineteen were for boys babies.

One New Case in Florida.

(By Associated Press.)

PENSACOLA, FLA., October 28.—The fever situation tonight is more encouraging than at any time during the past two months, since its outbreak here, only one new case being reported. This is the result of the fumigation which was actively commenced two weeks ago, but which threatened to be terminated shortly, as the State health officer is meeting with opposition in his work. The courts have been appealed to by some citizens to prevent the fumigation.

The summary: New cases, 1; total cases, 527; deaths, 3; total deaths, 76; discharged, 281; under treatment, 80.

OHIO STARTS TO OUST INSURANCE COMPANIES

(By Associated Press.)

AKRON, OHIO, October 28.—Quo warrant proceedings were commenced in the Circuit Court here this afternoon by Prosecuting Attorney Hagelberger, on the advice of ex-Attorney-General Monet, of Ohio, against the Mutual Life Insurance Company and the New York Life Insurance Company, to oust them from the State by taking their franchises from them, on the ground that the companies have misused their powers for the past five years, in violation of the laws of the State. Thirty-three interrogatories are submitted to the companies to be answered. The appointment of receivers is asked for.

It is alleged in the petitions that both companies, in their annual statements to the insurance commissioners, failed to disclose a large and substantial amount which was contributed to Cornelius N. Bliss, one of the members of the National Republican Committee, the amount of which is said to be in excess of \$100,000. It is also alleged that the companies paid out under the guise of fees \$250,000 to lobbyists to influence the Legislature in this State and other States.

NO RUB, SAYS SHONTS.

Chairman Denies That Friction Exists.

(By Associated Press.)

WASHINGTON, D. C., October 28.—Chairman Shonts, of the Isthmian Canal Commission, to-day issued a signed statement, practically denying that there is any friction between Secretary Taft and himself. The statement is brief and relates to recent publications to that effect. The statement denies that there is any rift in stories that Mr. Shonts had said but unless he could have full powers in canal matters, with accountability only to the President, he would resign the chairmanship of the commission. The statement concludes: "With regard to the public rumors of friction between Secretary Taft and myself, I wish to say emphatically that they are absolutely without foundation."

(By Associated Press.)

NEW HAVEN, CONN., October 28.—The license for the production of Bernard Shaw's play, "Mrs. Warren's Profession," at the Hyperion Theatre, was revoked to-day by order of Mayor John P. Studley. The piece was given its first performance last night, and was to have been presented again this afternoon and tonight.

Mayor Studley did not attend last night's performance, but said he had received from persons in whose judgment he placed entire confidence, complaints that the play was unfit for presentation on the ground of indecency.

MRS. ROOSEVELT SAILS TO MEET PRESIDENT

Sends Wireless Felicitations in Recognition of the Anniversary of Birth.

(By Associated Press.)

KEY WEST, FLA., October 28.—The cruiser West Virginia, with President Roosevelt aboard, arrived off Key West at 1 o'clock to-day, and was immediately joined by the cruisers Colorado and Pennsylvania. The squadron at once sailed for Hampton Roads.

(By Associated Press.)

WASHINGTON, October 28.—As soon as the West Virginia got in touch with the wireless station at Key West to-day the first message to be transmitted from the shore to the big cruiser was a personal one from Mrs. Roosevelt to the President, congratulating him on the anniversary of his forty-seventh birthday. This message was sent last night from the Navy Department to Key West, with instructions to deliver to the President at the first opportunity.

(By Associated Press.)

WASHINGTON, October 28.—Accompanied by several of her children, Mrs. Roosevelt left Washington to-day on board the Sylph, Lieutenant P. T. Evans commanding, on a cruise down the Potomac. If the weather is good, she may continue her cruise as far as Hampton Roads to await the President's arrival there on Monday. It is believed at the White House, however, that she will return to Washington to-morrow or next day.

NAVY YARD COMMUNICANTS WITH PRESIDENT'S CRAFT

(By Associated Press.)

WASHINGTON, October 28.—The wireless telegraph station at the Washington navy yard was in communication with the armored cruiser West Virginia on which President Roosevelt is a passenger from 2:07 until 5:15 o'clock this morning. The message picked up in transmission was passing from the West Virginia to the armored cruiser Colorado, which, with the Pennsylvania, is to accompany the first named vessel up the coast, and stated that the West Virginia would probably join the Colorado and Pennsylvania off Key West about noon to-day. The feat of communication from Washington to a vessel in the Gulf of Mexico about 1,300 miles distant, and mostly overland, is regarded as remarkable.

The latest news from the West Virginia comes in the following telegram just received at the Navy Department from the commandant of the naval station at Key West:

Admiral Brownson acknowledges receipt of your telegram about a cable from collars and Arctura at Lynn Haven Bay. Weather smooth."

This morning the Navy Department telegraphed Admiral Brownson that arrangements would be made to coal the West Virginia from collars in Lynn Haven Bay as soon as he arrives there Monday, in order that he may go at once to Annapolis to participate in the welcome to the Prince Louis squadron.

WASHINGTON, October 28.—The Washington navy yard to-night was in touch with the West Virginia by wireless telegraph. Operator P. S. Geavon, senior class electrician, who is in charge of the plant here, received the following message: "West Virginia in good communication with Junior, Intel, Savannah and St. Augustine have heard no messages but West Virginia reports Savannah to be in trouble for them as they have no message any time. West Virginia also reports Savannah to be in trouble. Savannah sent the weather report to the West Virginia at 9:45 P. M."

He was received at the gangway by Admiral Brownson, Captain Arnold and the admiral's personal staff. All the officers were assembled on the quarterdeck in special dress uniform, the crew manned the rail and the marine guard and band were paraded. When the President ascended the quarterdeck, officers and men saluted, the marine guard presented arms, the drums and bugles gave four ruffles and flourishes, the band played "The Star Spangled Banner," the admiral's flag was hoisted and the President's flag broken at the main and a national salute of twenty-one guns was fired.

The West Virginia immediately got under way for Chesapeake Bay. Off Key West she was joined by the Pennsylvania and Colorado, the other two vessels of the squadron. The speed to be maintained is 13 knots, and it will be the first time in the history of this country that any squadron has cruised at such a speed for a long distance. At 3 P. M. the crew was mustered at quarters, and the President, accompanied by the admiral, inspected the ship.

The West Virginia is in excellent condition, and the President was pleased with the cleanliness and neatness of her crew. The President is in excellent health and having a smooth and pleasant trip.

FEARLESS YOUNG HORSE- WOMAN OF RADFORD

She Rides a Cross Saddle and Drives Spirited Animals.

(Special to The Times-Dispatch.)

RADFORD, VA., October 28.—Miss Goldsmith is the daughter of Mr. A. P. Goldsmith, manager of the Radford-Portsmouth veneer plant, and is a native of Portsmouth, Ohio, though she has lived in Radford for a year and a half.

She is a thorough horsewoman, and spends much time in the saddle, as well as in driving and caring for her horses. Her love of the noble animal dates from infancy. At the age of eighteen months her mother found her with her arms around the hind leg of her grandfather's horse. At the age of six she hitched and drove the animal. So small was the fearless, plucky little maid that she had

to climb into the manger to put on the bridle harness.

At the age of fourteen she owned her first horse, and ever since has taken the entire care of her pets. She is the only child, and no man goes near her neat little stable.

Miss Goldsmith is absolutely fearless. While still a school girl she frequently broke horses that men could hardly tame. No horse is too wild or spirited for her to ride or drive.

Miss Goldsmith is the only young woman in this section who rides the cross saddle. She is now riding the beautiful saddle stallion, Fancy Boy, owned by Mr. Tyler Frazier, Jr., who won the sweepstakes at the fair.

Miss Goldsmith is one of the best skaters in Radford, and is also fond of dancing and tennis. She is an attractive young girl, brimming over with vivacity, fun and enthusiasm. Her merry laugh is contagious, and she is always ready for either work or play.

Miss Goldsmith is a popular member of Radford's younger social set.
